Africa's Bespoke RSVP Management Solution

ONLINE RSVP MANAGEMENT & COMMUNICATION SYSTEM

This is what you get

A dashboard of all your events, where you can create, preview, edit, view responses and much more, all in one place.

The dashboard features a top navigation bar with the RespondNow logo, date (Thursday, 14 August 2025), version (V 4.0), and user information (Welcome Demo Demo, My Account). Below this is a secondary navigation bar with links for Events, Create Event, Events Calendar, and All Contacts. A search bar with filters and a Manager dropdown is also present.

The main content area displays four event cards, each with a status (Live or In Progress), a title, date, admin, and a table of responses. Each card also includes buttons for 'Preview campaign' and 'Preview website', and a 'Design progress' indicator.

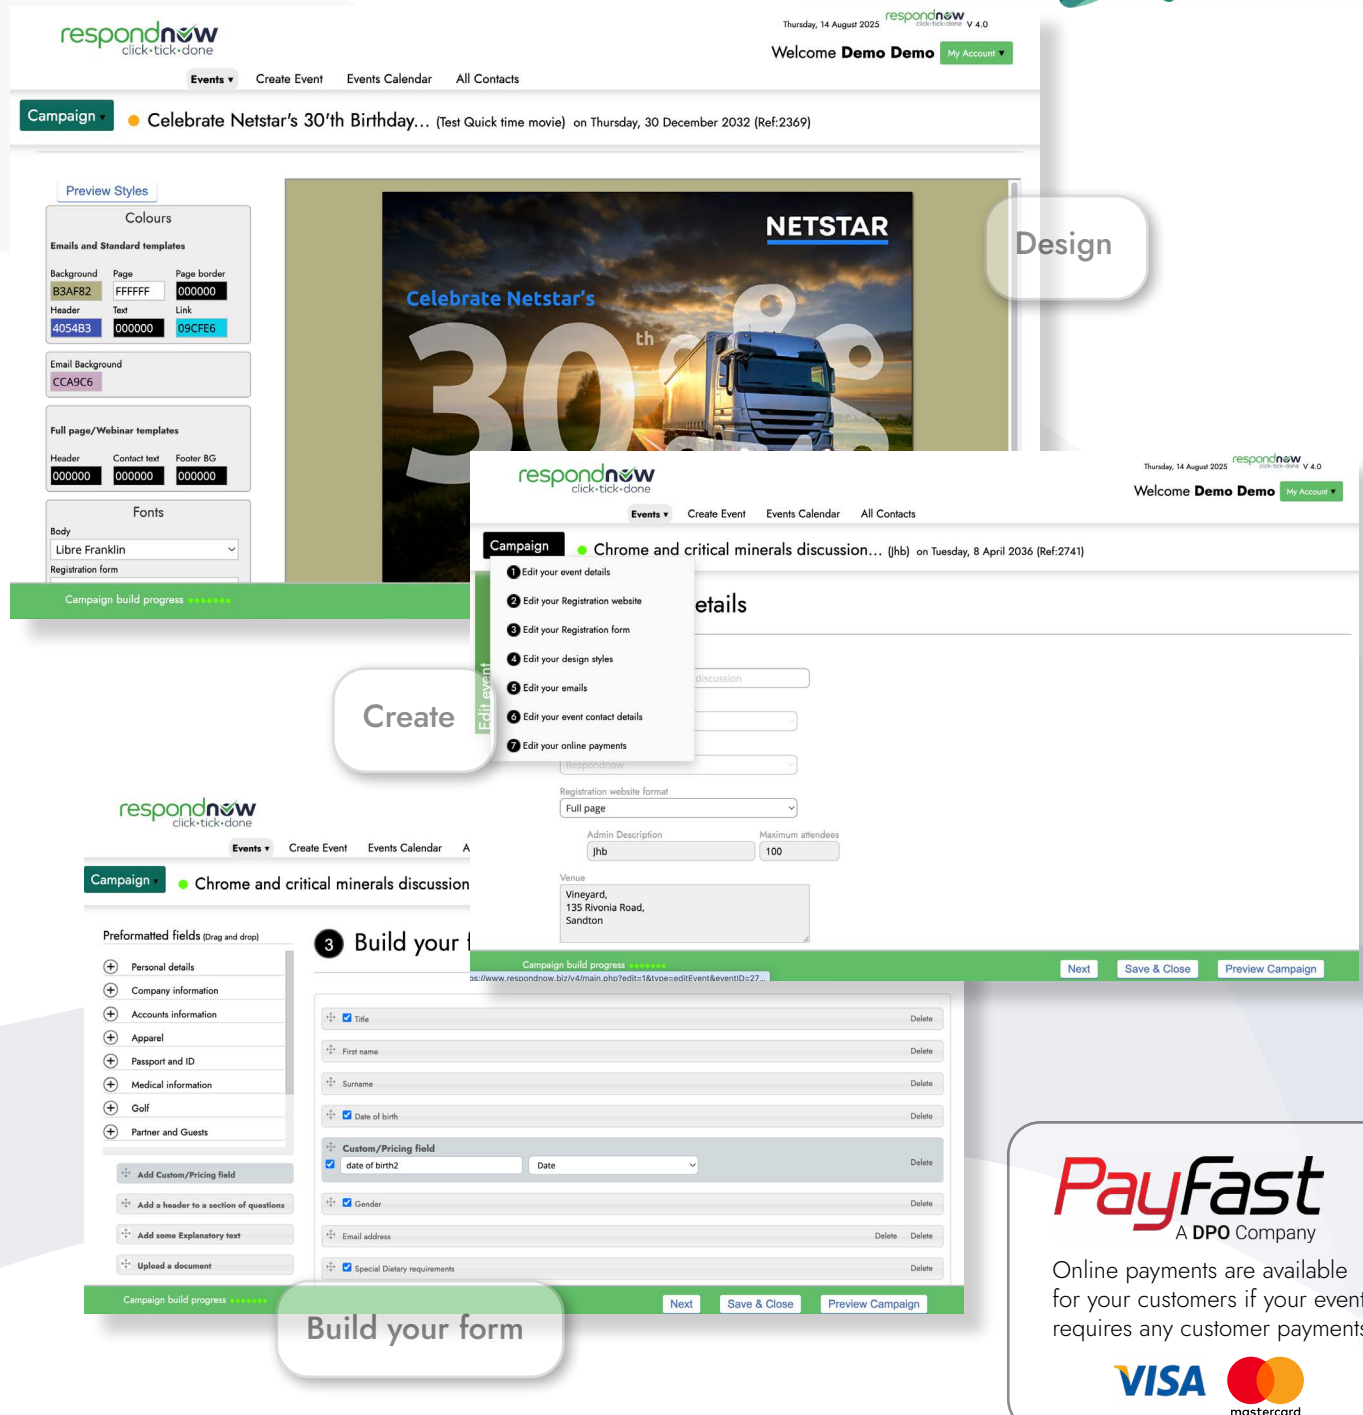

The sidebar menu on the right includes links for Event details, Registration website, Registration form, Design styles, Emails, Contact details, and Online payments.

Event	Status	Title	Date	Admin	Responses	Design Progress	Transferable
Chrome and critical minerals' discussion with Project Blue	Live	Chrome and critical minerals' discussion with Project Blue	Tuesday, 8 April 2036	Admin: jhb	Max: 100, Yes: 8, No: 1, Waiting: 1, None: 3	Design progress: 8/10	YES
Sun City Golf Championship	In Progress	Sun City Golf Championship	Monday, 11 June 2035	Admin: Multi	Max: 100, Yes: 2, No: 0, Waiting: 0, None: 1	Design progress: 2/10	YES
Staff Volunteerism Awards 2024	Live	Staff Volunteerism Awards	Wednesday, 31 January 2035	Admin: NULL	Max: 4, Yes: 6, Partners: 1, No: 1, Waiting: 1, None: 1	Design progress: 6/10	YES
Celebrate Netstar's 30'th Birthday	In Progress	Celebrate Netstar's 30'th Birthday	Thursday, 30 December 2032	Admin: Test Quick time movie	Max: 100, Yes: 2, No: 0, Waiting: 0, None: 0	Design progress: 2/10	YES

SELF SERVICE OPTION

All your designs
Build your event, emails and feedback forms

The collage features three screenshots of the RespondNow interface, each with a callout box:

- Design:** The top screenshot shows the 'Design' stage for a campaign titled 'Celebrate Netstar's 30th Birthday...'. It includes a 'Preview Styles' sidebar with options for 'Colours' (Background, Page, Page border, Header, Text, Link, Email Background, Full page/Webinar templates) and 'Fonts' (Body, Registration form). The main preview area shows a banner for 'NETSTAR Celebrate Netstar's 30th' with a truck image.
- Create:** The middle screenshot shows the 'Create' stage for a campaign titled 'Chrome and critical minerals discussion...'. It includes a 'Create event' sidebar with a numbered list of steps: 1. Edit your event details, 2. Edit your Registration website, 3. Edit your Registration form, 4. Edit your design styles, 5. Edit your emails, 6. Edit your event contact details, 7. Edit your online payments. The main form area includes fields for 'Registration website format', 'Admin Description', 'Maximum attendees', and 'Venue'.
- Build your form:** The bottom screenshot shows the 'Build your form' stage for the same campaign. It includes a 'Preformatted fields (Drag and drop)' sidebar with categories like Personal details, Company information, Accounts information, Apparel, Passport and ID, Medical information, Golf, and Partner and Guests. The main form area shows a list of fields to be added to the registration form, such as Title, First name, Surname, Date of birth, Custom/Pricing field, Gender, Email address, and Special Dietary requirements.

At the bottom right, there is a **PayFast** logo with the text 'A DPO Company' and 'Online payments are available for your customers if your event requires any customer payments.' Below this are the **VISA** and **mastercard** logos.

www.respondnow.co.za

WHAT OUR CLIENTS' SAY

"My team has found the system to be very user friendly as well as providing great flexibility to meet all our requirements. Most importantly we have found the system to be stable and reliable – with enhanced functionality that makes our jobs easier. We have grown to trust and rely on Respondnow to manage our invitation process with several of our high profiled events."

Marketing Manager – Nedbank

"We use the Respondnow RSVP System for our corporate events - from smaller events to larger events such as road shows with various venues and regions.

"The turnaround times are excellent and we also appreciate the creative flair they add to the designs of the invitations. We enjoy working with the team and I would highly recommend making use of their services."

Senior Project and Events Manager – WOW

"I am very happy that I could rely on the team at Respondnow with my events. I have now used them for 3 conferences, and they provided us with the online booking system, registration set up, setting up and hosting of the conference web page and all electronic communication with conference delegates. "

Manager – UCT

"I have been privileged to work with Ideaworx and the RespondNow System for many functions and conferences that I have arranged. I have utilized their services for over 10 years."

Owner and Events Manager – Events Management Company

"It is a pleasure working with the team for 7 years, and love that it provides benefits of logging in on my own time to create internal invitations, RSVP forms and sending them out myself; as well logging in at any time to manage my RSVP's. It also helps us to manage the RSVP's for over 500 people on some of our events, showing who has not completed all the RSVP forms correctly, and the fields left open."

Head: Marketing and Communications – Financial Sector

"The Respondnow Software has enabled the team at The Golf Club for the past 6 years to maximise its participation in key events through active email invitations which provide the capacity to obtain essential information from our members to ensure the successful running of each event and tournament. "

Director of Golf – Top Gauteng Golf Club

"Since 2015, over the years we have had many requests to adapt their system to our specific needs and the assistance we have had has been that Respondnow is very accommodating and willing to assist. Their system has saved us so much time and is incredibly easy to use. RSVP's have also experienced the ease of use by entering events online on mobile devices. I can highly recommend Respondnow for any type of online booking system."

Junior and Development Golf Manager

"We have been acquainted with Ideaworx and Respondnow for 10 years and have utilised their services with regards to brand marketing, website design and the online RSVP system. The Respondnow system is utilised by many of our blue chip clients in controlling rsvps for both events and incentives. Ideaworx and Rspndnow are constantly developing and improving their Respondnow system to be in line with their clients' needs and requirements."

Director – Events and Incentives Management
